MPS Pastel Landscape Workshop June 9-13, 2014

In Shepherdstown, West Virginia

Inside/Outside: the Best of Both!!!

Sign up now to explore both studio and plein air painting with instruction by nationally acclaimed artist and author Liz Haywood-Sullivan. This intensive 5-day workshop starts with work in the studio where we will cover topics ranging from using the Good Bones structural system to painting, to aerial perspective, sky and water value work, making underpainting work for you, and portability with pastels.

We then move into the local environment of the West Virginia landscape. Our daily studies will involve direct observation of the landscape with instruction in choosing your subject and composition from life, correct drawing and value choices. In both settings Liz will start each day with a demonstration and will end with a group critique. There will be plenty of one-on-one instruction at your easel.

Bring your sketchbook and be prepared to be inspired!
